Yea! It's almost Christmas and my grandbabies will be coming home. Can't wait! Of course, I spent way too much on "stuff" for them, but it was just so much fun. Isaac will be 3 soon and is just getting to the age where Christmas is magical. We can't wait to enjoy the holiday through his eyes. Another blessing of the season: Emma has decided to go to college next year! She is a senior and has never really wanted to go to college. "I just want to get out there and work and make some money." Of course, she told me this a week after we spent some of her college fund on a new roof and windows! And now we only have a few weeks to get her college applications in and her essays written. But what's a little stress during the holidays! I'm so excited for her and proud of her for making this "grown up" decision.

You will have to stop by the shop to see all of the new class samples for the upcoming class session January-April 2012. We have an interesting combination of project and technique classes with something that is sure to interest you.

Diana Annis is offering two classes this session: one teaching a flying geese technique that is sure to make your life easier as well as a striking project using curved piecing without curves.

Emily Ellen is continuing with Strip Club, as well as introducing a new class series called Baby Talk, where she will teach a monthly project that is focused specifically on the baby (i.e., baby quilt, diaper bag, sleep sack, and nappies). She will also be offering a class called Massachusetts Magic that uses the Texture Magic product and will continue with her popular Kids After-School Sewing Camp.

Sue Gariepy will be teaching machine embroidery classes this session. She will be teaching a monthly project called Wildflowers, an embroidered pillowcase with a continuous design, as well as monthly embroidery club projects.

Dianne Miller is continuing with her Baltimore Album series which is so popular but adding a second quilt called Aunt Millie's Garden for those of you who might be interested in a more contemporary project. Cheryl Martel will be teaching two classes this session. The first is a class using your serger to make seasonal placements. The second is a bag class. Karen Pulaski will be offering a paper-piecing class, using Carol Doak's Paper-Pieced Stars book as well as a contemporary project called Run for Color.

We are welcoming back Linda Ramrath who taught here years ago. Linda is a local pattern designer and the creator of the quilting show "A Quilter's Touch" on Holliston local cable. She will be teaching three classes this session. First, she will teach you how to create a line drawing from photographs and turn them into blocks for red work embroidery. She will also teach a class on using 2.5" strips while making an intricate looking border. Her last class will teach you her confetti technique for making pictorial landscapes.

I will be teaching three classes this session as well. The first is the return of Colorsplash Trip Around the World. Several of you have asked me to offer this class again, so we have. The second will be a new quilt pattern called Walden Woods which teaches you how to use the Easy Angle and Companion Angle rulers. The third is a new class geared toward new quilters. Paula Webster will be returning with her Anything McKenna series mentioned below.

Class registration for this session will be Saturday, December 31, at 10 a.m. for in-store registration. Phone registration will start at 11 a.m. Priority registration for all Emma's Quilt Club members will be Friday, December 30, at 10 a.m.

Until next time,
Cyndi, Emily, Sue, Jean, and Leon

NEW EMMA'S QUILT CLUB STARTING JANUARY 1, 2012

Starting January 1, 2012, we will be launching a new frequent buyer program at Emma's. Here's how it will work. During your first visit to the shop in 2012, you will need to "join" our new club; and we will create an "Emma's Quilt Club 6-Box Card" for you. We will keep these cards for you at the register so you won't have to carry anything around with you. Every time you make a purchase (sewing machines, software, and services are not included), we will record your pre-tax sale in one of the boxes on the card. When you complete all six boxes on the card, we will total up all of your purchases and apply 10 percent of that amount to your next purchase. This will include sale items as well. So the more you spend, the bigger your discount.

As with any of the club programs we have introduced over the years, our goal is always to reward our frequent, loyal customers for their continued patronage. To that end, we will be offering an additional reward for those frequent shoppers. Once you complete three cards, you will receive an Emma's Quilt Club bag. Then, whenever there is a 5th Saturday in a month, if you bring in your club bag on that day, you will receive a 20% discount on whatever you can fit in your bag (excluding sewing machines, software, and sewing machines). For those of you who are currently a member of Emma's Membership Club, you will continue to receive your immediate discounts and enjoy all of the club benefits until your membership expires.

ANYTHING McKENNA

Who doesn't just love McKenna Ryan's beautiful fusible appliqué projects. We have had such success with the Beach Walk Series we completed this year that we decided to offer a monthly class on "Anything McKenna," meaning that students can work on any McKenna Ryan project that they would like under the expert guidance of Paula Webster. Paula has completed a number of McKenna's projects and will share with you many of the tips and techniques she has perfected over the years. So for those of you who have purchased McKenna's patterns or kits in the past, now is the time to take advantage of this unique opportunity to learn from a great teacher and tackle some of those unfinished projects. And you will end up with a truly beautiful piece of art.

INTRODUCTION TO QUILTING

Do you know someone who has expressed an interest in learning how to quilt but just hasn't found the right class or the time to take a class. Well, send them our way as we will be offering a new class called Introduction to Quilting for the truly novice quilter. This will be a 5-week class starting in February on Sunday afternoons. In this class they will be making a four-block wall hanging while being introduced to the basics. They will learn about quilting tools, needles, rotary cutters, rulers, threads, fabric, etc. Also, piecing squares, triangles, rectangles, corner stones, sashing, and borders. They will finish up the quilt with batting, sandwiching, quilting your quilt layers together, and applying the binding.

AMERICAN SEWING GUILD NEIGHBORHOOD GROUP

The American Sewing Guild is a national organization whose goal is to promote the preserve the sewing arts and provide a support organization for sewing enthusiasts. The Guild is a network of Chapters where sewing friends representing all types of sewing and needle arts as well as experience come together for educational, social, and philanthropic activities. At the heart of every Chapter are the smaller, informal neighborhood groups that are based on geographic location or special interests. They may be ongoing or limited to a specific course of learning or activity, and they provide the perfect setting for making sewing friends and sharing tips and techniques. Emma's is very interested in starting a Franklin neighborhood group, and we are actively looking for people who may be interested in joining our group. We are looking for both a group leader as well as active participants and are hoping to get this group started in the spring. So if you have an interest in either capacity, please let us know.

STRIP CLUB

Welcome to strip club at Emma's. No, this isn't a meeting that you will be embarrassed to tell your friends about! Who doesn't like pre-cut strips and patterns where you can just sit down and sew. This is a great club where you can get great-looking quilts with all the efficiency and quickness of pre-cut strips. Here's how it works. Each monthly session is \$5; sign up for all 4 sessions or only 1, whatever your schedule permits. It will meet the second Saturday of every month at 10 a.m. During the prior month of the strip club meeting, we will showcase the fabrics used in the quilt, but the pattern will remain a mystery. During the meeting we will unveil the monthly strip club quilt and provide a lecture/demo on the quilt construction as well as some other interesting/fun activities. As a club member, if you attend that month's session, you will receive the pattern for free and a 20 percent discount on the strip kit and any required tools as well as your borders and backgrounds. So start stripping ladies!

CLASS GUIDELINES

- Emma's Quilt Cupboard maintains a strong commitment to education and expanding your quilting skills and knowledge. Because of this, our promise to you is to NEVER cancel a class, regardless of the number of people who have signed up.
- Because we appreciate your business, Emma's Quilt Cupboard offers a 10% discount on all fabrics, books, and class-specific supplies that you purchase for your class.
- Please note that we have a refrigerator and microwave in the shop's kitchen. Feel free to use them to stow your lunch or snacks if you want to bring something from home.
- You will only be "officially" signed up for a class when payment has been received. You can sign up for a class over the phone, in person at the shop, or by mail, using a credit card, cash, or check.
- Our goal is to provide sufficient time during class for you to complete your class projects or to learn a specific technique. However, please remember that some classes may require homework or "catch up" for less-experienced quilters.
- A supply list will be provided for each class. Please have your fabrics and supplies assembled before the class so that we may start on time. Anyone at the shop will be happy to help you with your fabric selections if you would find that useful. Basic supplies for a quilting class include a sewing machine, cutting mat, rotary cutter, ruler, and basic sewing kit (scissors, seam ripper, pins, etc.).
- When a pattern/book is used for the class, we expect each student to purchase a copy of their own. We respect all copyright laws.
- Refunds for classes will be given. However, we will require a minimum of 1-week's advance notice. Should you withdraw from a class with less than 1-week's notice, all class fees will be forfeited.
- Please note for all machine classes: please bring your sewing machine in good working order and be familiar with its basic functions (e.g., threading the machine, changing the needle, needle position adjustment, and stitch length). While we will do our best to help you with any problems, we are not familiar with all machines. Therefore, it is important that you have a thorough working knowledge of your machine. In consideration of your fellow students, please arrive early to set up your machine. Classes will begin at the scheduled time. Remember your foot pedal and power cord!
- For those of you who do not want to bring your sewing machine to class, we will have a select number of Viking sewing machines for you to use. Please reserve these machines in advance so we can ensure we can accommodate your needs.
- A class passport is applicable for all project/technique classes. All eligible classes have been indicated as "passport classes" in the individual class descriptions. Please note that only passport-designated classes are eligible for the class discount. The cost of the passport is \$99.
